Class Descriptions

PHG Bootcamp: A mixed format of a complete body workout. We will get your heart pumping for max calorie burn and work upper and lower body with weights. We may be inside or outside and work in rotating stations!

Butts & Guts: a special focus class just for your lower body! Sculpt, shape, and strengthen your abdominal, buttock, and thigh muscle groups in this targeted, high-impact workout.

Cardio & Core: A 45-minute challenging mix of intense, dynamic core-stabilizing exercises and cardiovascular endurance to get the blood flowing and heart rate elevated.

Yoga Stretch: an active stretching class that targets primary muscle groups surrounding the hips, hamstrings and upper and lower back. Great for people who are just starting out with yoga, seniors, or anyone who is looking for a gentle stretch class.

Strictly Strength: 45 mins of focusing strictly on strength training! Toning down the cardio but still upping that heart rate by challenging yourself to lift heavier & build muscle.

Strength & Stretch: 30 min full body weight class followed by 15 minutes stretching.
