Platinum PowerTeam Training

is a group personal training session where workouts are uniquely programmed for each class. Participants are coached through a challenging workout with supervision and guidance provided by certified personal trainers. All sessions are included unlimited with the Platinum membership or may be purchased as individual sessions. You may upgrade at any time. All Powerhouse Gym Stuart members are welcome to try two sessions for free. **Sign-up at the front desk.**

BOOTCAMP combines strength and cardio exercises for a full-body burn. They get your heart pumping, make you sweat, and challenge your muscles. Each class is totally different, to keep your muscles guessing. Our BOOTCAMP sessions are interval trainings with bursts of intense activity alternated with intervals of lighter activity. The goal of BOOTCAMP is to provide a whole-body workout that builds strength, endurance and gets your body in shape FAST! 🙌🔥

ROW30 is for the elite athlete to the exercise newbie. This 30-minute fast-paced and fun class will work your entire body. This class improves cardio, sculpts muscle and is one of the most effective calorie-burners out there. With high-intensity speed intervals and challenging drills, this heart-pumping, sweat-drenched, intense non-impact workout will have you feeling and seeing a difference in your legs, core, back & more! 🙌🔥

BOXING FITNESS class starts with a brief cardio workout to get the heart rate up, followed by strength training and shadowboxing. Then the fun starts. The class rotates through kicking, boxing, and ground drills designed to simulate the short, intense rounds of an MMA match. Borrowing techniques from a variety of martial arts, these workouts will help you develop real-world techniques while getting a killer workout! 🙌🔥

POWERBURN is a 30 minute high-intensity interval training (HIIT) workout with rowers, erg skier, TRX bands, assault bikes, and more! HIIT is a training technique in which you give all-out, one hundred percent effort through quick, intense bursts of exercise, followed by short, sometimes active, recovery periods. This type of training gets and keeps your heart rate up and burns more fat in less time. Scorch away the pounds! 🔥
